HAY RIDE ROUTE

HAY RIDE LINE

trunk or treat
circle

This aerial diagram shows a school campus with a central building complex. To the top left, a 'trunk or treat circle' is marked with an orange overlay and contains a blue tractor and a wooden pallet. To the right is a large 'visitor parking' lot, highlighted with a grey overlay. Yellow arrows indicate a traffic flow: entering from the bottom, turning left into the trunk or treat circle, then exiting and turning right into the visitor parking lot. A white horse is positioned at the top of the circle, and a traffic cone is at the bottom entrance. The entire area is surrounded by green grass and trees.
