

WEEK ONE RECAP

This week was a foundational week. The goal was to get you to begin thinking about God in terms of the light of His goodness in the midst of a spiritually dark world.

The question for you now is how you will build on this? The next few weeks of this journal will help you go deeper in understanding all the ways that God lights up our world and how you as His child can shine your light in the world around you.

As you reflect on this week, be sure that you are aware of God's goodness, His light, all around you. Everywhere you see evidence of God's creation, His goodness, His mercy, His love . . . everywhere God is, there shines His light.

God is all around you. You simply have to look.

“The true light, which
gives light to everyone,
was coming into the world.”
- *John 1:9*
