

trunk or treat
circle

This aerial diagram shows a school campus layout. A central building complex is surrounded by green lawns and trees. To the top left, a 'trunk or treat circle' is marked with an orange overlay and contains a blue truck and a yellow trailer. To the right, a large 'visitor parking' area is highlighted with a grey overlay. Yellow arrows indicate a clockwise flow: from the bottom parking lot, up the right side, around the top left circle, and down the left side. A white horse is positioned at the top left, and a traffic cone is at the bottom left.
